why does israel want such a weapon? israel always says when seeking weapons that it wants them for its own security, but pershing missiles cannot be explained by such an excuse, because pershing are first blow missiles. thus american milit entrust israel with strategic nuclear role similar to roles allocated for west germany or britain where u.s. wants to install pershing and cruise missiles. anti-u.s. missiles deployment campaigns swept world. american strategy aims at deploying missiles in areas most remot from usa. this is to turn these countries as hostages for american militarists and to keep scenes of nuclear activity as far away as possible from usa.
